

Pharos

SEASON 19

FRIENDSWOOD
program guide

BOPPIN' BABIES

Boppin' Babies is an engaging program for children 9 months up to 2 years old AND their parents/caregivers that focuses on music and movement. The gender inclusive curriculum is specifically designed to:

- increase socialization skills
- provide structure and consistency
- cultivate independence
- encourage discovery & imagination
- improve children's mobility & flexibility

CREATIVE MOVEMENT

This movement based class is for children 18 months to 3 years old. Music, movement, balance and basic dance steps are introduced in a fun, friendly and positive manner. A parent or guardian participates along with the little dancer as we build their comfort and independence in the classroom setting. Teachers keep the music and curriculum moving while parents take an active role in encouraging, supporting, and keeping the little dancer on track.

BLOOM FINE ARTS

Bloom is a bridge program for preschool age children (3-6 years) that focuses on the social emotional, physical, and cognitive development of each child. We help children discover their creativity and develop a love for learning through visual arts, music, movement, and theatre. Through the creative arts we will explore colors, shapes, the alphabet, name recognition, writing, calendar, weather, numbers and counting. Instruction follows the Bloom Curriculum which can be modified to each child's developmental pace while in a group learning environment. Children enjoy outdoor play, hands-on learning activities, and socialization while learning problem solving skills, creative thinking and exercise fine and gross motor skills.

MUSIC LESSONS

Chara Christian Dance Academy has a thriving music department with over 150 students and 6 instructors! Music students receive one-on-one 30-minute private music lessons with our qualified instructors. Instructors help their students develop their skills throughout the year, leading up to their 2 concert performance opportunities. Currently, students can take piano, guitar, voice, ukelele, bass guitar, and banjo lessons in studio.

CAMP Creative

Each year Chara develops and produces originally themed day camps during the school year. Camp Creative is specifically designed for boys and girls ranging from 3-7 years old. Each camp includes games, a themed craft, dancing, and an end-of-camp performance, all woven into the main character lesson. Campers enjoy socializing with new friends and interactive games and activities.

CAMP ADVENTURE

Chara's once a month themed camps for ages 5 to 10. This is very similar to our Camp Creatives but developed for our Primary and Graded Level students that desire a deeper learning experience. Students will work on team building skills, crafts, engaging activities, and dance, based on the theme for each camp.

PRIVATE LESSONS

Private lessons are an opportunity for dancers to receive one-on-one individualized attention from a teacher to meet their personal goals. Private lessons are especially beneficial for dancers who need additional help with choreography in preparation for an upcoming performance or preparing for an audition.

ACROBATIC ARTS

CREATING THE WORLD'S MOST TRUSTED ACRO PROGRAMS

Chara is proud to offer AcroDance to our families which follows the "Acrobatic Arts" training and curriculum. This class offers a fusion of classic dance technique with precision, athleticism, and acrobatic elements. AcroDance is identified by its unique choreography, seamless blend of musicality, emotional expression, and acrobatic movements within a dance context. Each level of AcroDance incrementally builds on the students flexibility, strength, balance, limbering, and tumbling skills.

DARBY'S DANCERS

SPECIAL NEEDS PROGRAM

Darby's Dancers is a non-profit organization dedicated to bringing the joy of the performing arts to children and adults with special needs. These dancers gain coordination, confidence, strength and life long friends, all while feeling like a star. Each dancer is paired with a "Buddy" for the year that assists them throughout the class. Dancers are able to take classes at no cost due to the group's fundraising efforts that help provide costuming and cover recital expenses.

DANCEABILITIES

SPECIAL NEEDS PROGRAM

DanceABILITIES is a class for students ages 10 & up with special needs who are ready for more independence in the classroom. They must have completed a year of Darby's Dancers and/or be recommended by the teacher to join this class. Students will learn Hip Hop/Jazz dance skills, while building overall body strength and coordination.

DRILL TEAM TECHNIQUE

At Chara, we are dedicated to helping our dancers achieve their personal goals, whether that be advancing in their dance technique or making their high school drill team. These supplemental classes are broken into 2 levels based on skill and experience.

Level I is designed for the intermediate dancer (6th - 11th grade) with intensions of auditioning for their High School Dance or Drill Team. This class covers a variety of skills and exercises that improve pom motion and kick line technique, while incorporating various leaps and turns required of drill team dancers. Teachers will incorporate exercises that improve flexibility, balance, coordination, agility, and strength.

Level II is for our advanced dancers who have intentions of auditioning for their high school or college dance or drill team and/or are already on their high school team and are looking to further their training and preparation for ensemble or officer auditions. Eligibility for this class is based upon teacher recommendation or skill evaluation. Dancers will build upon the skills and techniques learned in Level I at an advanced pace, giving them a "leg up" on the field. Local Drill Team Directors encourage their dancers to supplement their current practice routine with technique classes such as this.

COMPETITIVE COMPANY

Chara has a strong competitive company presence; bringing home awards at regional competitions and helping students push their limits as they work to grow in their artistry. Dancers try out in the spring and, if accepted, are placed on one of our Competitive Companies. As a team they will attend dance conventions, showcasing original choreography, skills and technical excellence beyond what is learned in recreational curriculum.

Competitive Company consists of dancers who are eager to advance in their dance training, and are often looking towards future ambitions involving dance, whether it be in high school or beyond.

COMPETITIVE COMPANY

FRIENDSWOOD CONTEMPORARY BALLET

Friendswood Contemporary Ballet is a semi-professional ballet company, striving to unite local ballet dancers and heighten exposure to the performing arts through quality performances and community engagement. The company has a cast of resident artists and strives to maintain technical and artistic distinction by supplementing performances with local guest artists. The resident artists are local dance students who have distinguished themselves in the field of ballet. Through the experience that is fostered in Friendswood Contemporary Ballet, these students have been given a one-of-a-kind opportunity to dance among professionals in order to heighten their training experience.

PERFORMANCE COMPANY

Dancers who are looking for community, love to perform, and are interested in additional instruction are the perfect candidates for Performance Company. Dancers do NOT need to audition to join Performance Company. Dancers are placed in a Performance Company based on their grade for the upcoming school year. Each performing group works to push their skills during weekly classes in which they learn choreography they perform throughout the community during the season. Dancers must also be enrolled in one other class at Chara to qualify.

Performance COMPANY

CHARA CREW

Chara Crew is a company that appeals to our intermediate to advanced level Hip Hop dancers looking for additional training, stage time, and community! Crew competes at regional dance competitions throughout the season in addition to select community performances. More information about Chara Crew and other company opportunities will be shared at our Company Parent Meeting.

Crew

DANCE TEACHING ASSISTANT PROGRAM

Dance Teaching Assistants are responsible for assisting the dance instructor with demonstration, corrective feedback, class management, and choreography retention by students. To be in the Dance Teaching Assistant program, dancers must be at least 10 years old, fill out an application, attend bi-annual trainings, and attend class regularly. This program not only benefits the students in class but the assistants themselves, as they gain real life job experience at an early age, learn responsibility, time management, and corrective feedback while building a resume.

The National Honor Society for Dance Arts (NHSDA) is a program of the National Dance Education Organization, created to recognize outstanding artistic merit, leadership, and academic achievement in students studying dance. Establishing a NHSDA chapter at Chara Christian Dance Academy is one very important way that we can honor our students and help advance the field of dance education. 2024 will be an induction year! Dancers eligible to join will receive an email from Ms. Meghan in the fall with steps to apply and be inducted into the program.

DEAR chara families

Chara Christian Dance Academy has been passionate about impacting the kids and families of our community for over 19 years. At Chara we aim to help our students achieve excellence in dance + life, while pointing them to Jesus in all of their work. This year, we are proud to debut our three training tracks with the intention of elevating all dancers based on their interest and involvement in dance! This is one of the many ways we help families Experience the JOY of Dance and Music!

Dance and Music meet imperative student needs for community, socialization, friendship, mentorship, physical activity, and more! Their benefits include but are not limited to: intellectual, academic, emotional, and physical support.

In this new 2024-25 season we are deepening our commitment of prioritizing every individual student in every class they attend. We are also deepening our commitment to go BEYOND the baseline of excellence in dance and music education by focusing on the WHOLE CHILD. With locations in both Friendswood and now in Pearland, our passion is to have a deep impact on the spirits of each of the students (and parents!) that we are blessed to have cross our path.

If you are a seasoned parent at Chara, you know that we were here for your children yesterday, we are here for them today, and we will be here for them tomorrow. We are thankful to be allowed to partner with your family as we grow great kids! If you are new to us, we say, "Thanks for joining the Chara family!" We are "More Than Just Great Dancing!" Welcome to Season 19!

getting connected

On the 1st of the month you will receive a comprehensive music and/or dance NEWSLETTER that includes upcoming events, additional program opportunities, important dates, and more.

Chara has public facebook and instagram SOCIAL MEDIA pages @charachristiandanceacademy as well as a private members group page for important reminders, class photos, community engagement and more.

On our Chara website there is a password protected MEMBERS PAGE that houses important links, resources, calendar, and studio specific information. Password: CCDA19

We share information in studio via flyers, the rotating TV slides and bulletin board.

Each family has a PARENT PORTAL where you can access all of your class, billing, and profile information. This is where you can view available programs and sign up for classes.

Chara is home to an absolute rockstar Customer Care Team. These friendly faces are the first to greet you and the last to see you and are always available to help answer questions in person or over the phone.

music PROGRAM

WEEKLY LESSONS

Receive one-on-one instruction from our professional Music Instructors during a 30 minute in-person studio lesson. Chara instructors include professional musicians, music majors, retired public school music teachers and studio instructors with decades of teaching experience, ensuring that students receive the highest quality musical education. Limited time slots are available for lessons, which run continuously year after year unless a student drops. Be sure to visit the customer care team for available slots or to be added to the music waitlist.

PERFORMANCE OPPORTUNITIES

Chara hosts two music concerts each season; one prior to the Christmas holidays and the second at the end of the season in May. Students who have shown progress and dedication to their studies are invited to perform to demonstrate their musical growth for family and friends. All concerts take place at Friendswood Friends Church. At every concert, we offer the opportunity to contribute to a selected community charity in lieu of purchasing tickets.

IMPACT OF MUSIC LESSONS

The study of music is proven to have mental and physical benefits. From improving motivation, self-discipline, and achievement to building social and academic skills; music plays a deep role in a well-rounded education. While enriching a student's sense of joy and accomplishment as they develop a new skill, music lessons also increase cognitive development and help relieve stress. The one-on-one personalized attention which students receive at Chara allows them to progress at a pace that reflects their will and desire, leading to self-confidence and a life-long passion for music.

PIANO instruction at Chara can start as early as 5 years old with a skill assessment. Piano curriculum is provided for each student, along with an assignment book to record weekly teacher instructions and student practice time.

VOICE instruction at Chara can start as early as 7 years old with a skill assessment. Students will improve voice strength, conditioning and control. Lessons provide additional training and support for students seeking to participate in choir programs or community/school musical productions.

BASS GUITAR lessons include a comprehensive understanding of the instrument including basic chords, finger placement, arpeggios, tuning, slap and pop technique and octave shapes.

ACOUSTIC GUITAR is a popular instrument with musicians at Chara and offers the freedom to explore music from rock to pop and folk music. It is a great way to learn strumming and fingerstyle techniques!

UKULELE is a popular favorite due to its unique sound and versatility. Starting with ukulele can be a helpful introduction to working with stringed instruments, as many concepts will carry over.

STUDIO TRACK

The Studio Track is Chara's main course of study and where the majority of our student base will find themselves. These are recreational dancers participating in one or more classes a week, across one or more genres of dance. They love dance, the personal growth it inspires, and the friendships it helps to cultivate. All students perform in our end-of-year recital. Dancers have the opportunity to be in Chara's Performance Company or a part of the supporting cast for Friendswood Contemporary Ballet's winter ballet.

COMPETITIVE TRACK

The Competitive Track is designed for the dancer who is ready to commit more time and significant effort to their dance training. They are passionate about being apart of a team and reaching goals collectively. Our Competitive Track includes competitive teams and Chara Crew who attend competitions while also performing at large scale events. Competitive dancers may have dreams of making their high school dance team, collegiate dance team, dancing professionally, or teaching dance in the future.

CLASSICAL TRACK

The Classical Track is geared towards dancers who are passionate about ballet and contemporary and the opportunity to perform. These dancers have auditioned and been accepted into Friendswood Contemporary Ballet and may have a goal of dancing in a University dance program, perform with a professional ballet, modern, or contemporary company, or teach dance to the next generation. Dancers in this track sometimes also participate in our Competitive Training Track for maximum growth!
